

Vukeya Xtractions is a B-BEEE Level 1 contributor. We are an innovative company that provides food processing business with a variety of superior cleaning solutions throughout South Africa. We have a national foot print of service delivery, while our service offering ensures a high level of kitchen hygiene. We also assist businesses in complying with relevant industry legislations. At Vukeya Xtraction we can ensure your preparation and cooking area meet the required standards. All our staff members are fully trained in commercial and industrial cleaning.

Our services to customers are based on unique competencies in appropriate industry experience, as well as professionalism. Our wide range of services includes:

- Cleaning and maintenance of both commercial and Industrial kitchens
- Repairing and replacement of filters for extractor canopies
- Ventilation cleaning and repairs
- Kitchen deep cleaning
- Grease trap cleaning

Ventilation Cleaning and Repairs:

Our technical team can help you improve the airflow and ventilation of your kitchen. We have a technical team of expertise trained to help your business comply with required standard guidelines. At Vukeya we strive for excellence and value in all our products and service delivery. Why not call us? Truly we are the best at what we do, and in a league of our own.

Cleaning and maintenance of both commercial and industrial kitchens

Will your kitchen pass a food hygiene and safety test? Or are you risking the life span of your kitchen equipment, if not sure, why not give us a call for professional help. Our team of expertise will leave your kitchen spotless and fully compliant with SANS requires standard guidelines.

Repairing and replacement of filters for extractor canopies:

Cleaning of canopies will remove all carbon grease and fatty deposit. This would also reduce the risk of fire. We serve hundreds of happy clients, but how do we do it? It's simple; we value each and every client. Call us you will be amazed and extremely happy with the results.

Deep Cleaning:

At Vukeya Xtractions nothing is too dirty for us. We understand the importance of adhering and meeting the industry's required standards. Why not give us a call for a comprehensive quote? Our friendly and reliable cleansers are well trained to offer you excellently deep cleaning.

Grease Trap Cleaning:

In a commercial kitchen, vaporised grease cannot be completely eliminated by filters. The greasy residues build up, leading to clogging of the extraction systems. This can pose a health risk or become a serious fire hazard. We can help you prevent this hazard by regular specialists cleaning.

Some of our clients
